# Introduction

## Introduction

This document is the basis for planning and delivery within each year group. It outlines the knowledge that should be taught in reading and includes:

- A summary of the knowledge and principles that underpin our approach
- Progression of reading, including the core content and intended learning for developing the application of phonics, reading for pleasure (including poetry) and reading accurately, aligned to the National Curriculum and Exceed Learning Partnership's Reading Progression Document
- The VIPERS progression documents for Years 1 to 6.

Teachers should draw upon the statements in conjunction with the VIPERS progression grid and the class text when planning the reading teaching sequences. It is the embedding of these skills in particular which will have the greatest impact on pupil outcomes and allow them to make sure progress in their reading.

## Intent

We have built our reading curriculum around the principles of evidence-led practice, including the recommendations from the EEF Improving Literacy Guidance Report. This is to ensure that pupils are equipped to successfully think, work and communicate like a reader. Our reading curriculum focuses on excellence by

learning from outstanding authors, and the intention is that exceptional teacher instruction inspires pupils to acquire knowledge as readers and skillfully apply their understanding. It is our intention that through studying a range of quality yet challenging fiction, non-fiction and poetry, pupils become more expert as they

progress through the curriculum, which develops pupils' language capabilities, supports pupils to develop fluent reading capabilities and teaches reading comprehension strategies through modelling and supported practice:

### 1. Develop pupils' language capabilities

- Purposeful speaking and listening activities support pupils' language development. Purposeful activities include collaborative learning activities where pupils can share their thought processes; reading books aloud and discussing them, including use of structured questioning; and pupils articulating their ideas verbally.
- Promote high-quality dialogue in the classroom, between the teacher and the pupils and between pupils, to support pupils to develop their thinking and use of language.
- Extend pupils' vocabulary by explicitly teaching new words, providing repeated exposure to new words, and providing opportunities for pupils to use new words.

### 2. Support pupils to develop fluent reading capabilities:

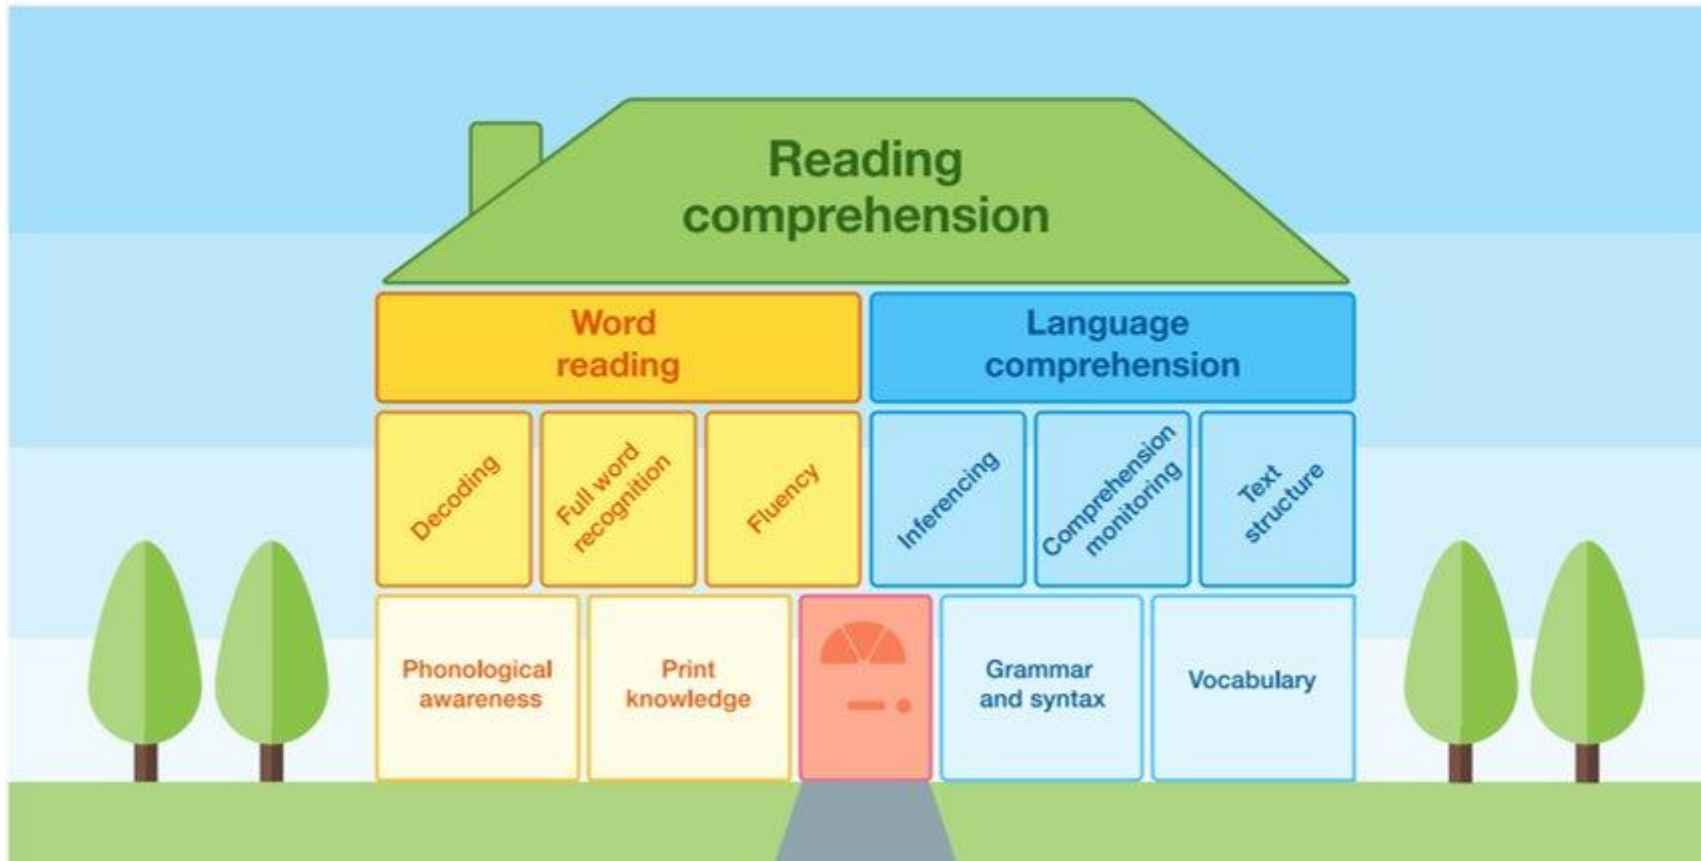

- Fluent reading supports comprehension because pupils' cognitive resources can be redirected from focusing on word recognition to comprehending the text.

- Develop pupils' fluency through guided oral reading instruction with teachers modelling fluent reading, then pupils read the same text aloud with appropriate feedback; and repeated reading where pupils re-read a short and meaningful passage a set number of times or until they reach a suitable level of fluency.
- Prioritise understanding pupils' current capabilities and teaching accordingly. Most pupils benefit from an emphasis on reading fluency in Key Stage 2 but some may continue to need support with foundational reading capabilities such as decoding.

### **3. Teach reading comprehension strategies through modelling and supported practice**

- Teach specific strategies that pupils can apply to monitor and overcome barriers to comprehension. These include: prediction (based on text content and context); questioning; clarifying; summarising; and activating prior knowledge.
- Model and scaffold these strategies; then support pupils to increasingly use reading comprehension strategies independently, with less and less prompting from the teacher.
- Texts should be carefully selected to support the teaching of these strategies.

**Figure 2: Reading comprehension—the sum of many parts**  
*Adapted from Hogan, Bridges, Justice, and Cain (2011)*

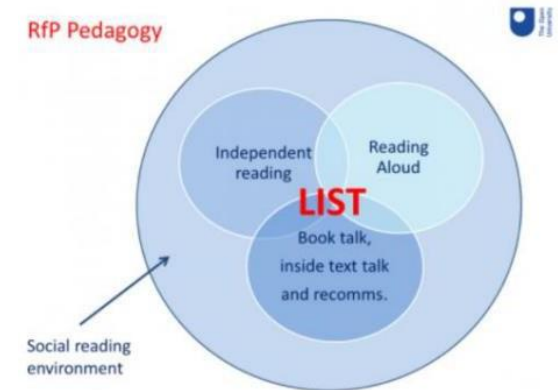

We choose texts from our ambitious, bespoke reading spine: we have a duty to expose our children to a breadth of books and texts in order to open their eyes and minds to the world outside school – books are a really effective way to do this. Throughout the process of creating a whole school text map, certain considerations have been made: progression of text difficulty over the year; age-appropriate content; progression throughout the school; topic and cross-curricular links; breadth of authors (modern and classic; male and female); culture and diversity; and a balance of fiction/non-fiction/poetry.

## Reading for Pleasure

Our curriculum deliberately supports pupils' reading for pleasure and draws on research conducted by The Open University and The UK Literacy Association (UKLA) in 2019. This found that a 'robust Reading for Pleasure pedagogy' encompasses four practices:

1. Reading Aloud
2. Informal book-talk and recommendations
3. Independent reading time
4. A highly social reading environment

In addition to this, the research also found that Reading for Pleasure pedagogy must be explicitly planned for and be learner-led, informal, social and supported by 'texts that tempt'.

## Reading Fluency

'Fluency is reading with and for meaning, and any instruction that focuses primarily on speed with minimal regard for meaning is wrong.'

As explained in the EEF Updated ['Improving Literacy in KS2' guidance report](#), in the context of literacy, reading fluency is defined as reading with accuracy (reading words correctly), automaticity (reading words at an appropriate speed without great effort) and prosody (appropriate stress and intonation).

At Exceed academies we teach reading fluency because it helps pupils to understand how print works, how to develop and consolidate automatic decoding skills, and how to bring a text to life from print to prosody.

All pupils will benefit from an emphasis on the explicit teaching of fluency as part of a multi-faceted approach to teaching reading. Through assessment some pupils may require additional support with reading fluency beyond whole class reading lessons. A fluency scale rubric, like the one adapted from Zutell and Rasinski (1991), will be used to assess and evaluate this. (English Appendix 1) Reading fluency interventions will be implemented to close these gaps and ensure that pupil's have the building blocks to comprehension skills.

Figure 5: Reading fluency

**Figure 6: A guide to Reader's Theatre**

Step 1: Adult as model	Step 2: Echo reading	Step 3: Text allocation
<p>The adult reads the selected passage of the class text aloud as an 'expert model' of fluency whilst pupils follow the text with their own copy. This may be repeated multiple times as necessary.</p>	<p>Children echo back the section read by the adult, emulating their intonation, tone, speed, volume, expression, movement, use of punctuation, etc.</p>	<p>Children work in pairs or triads. Each group may:</p> <ol style="list-style-type: none"> <li>1. all have the exact same short section of text, or</li> <li>2. a longer section might be split into short parts, so that each group has a different piece.</li> </ol>
Step 4: Repeated choral reading	Step 5: Close reading	Step 6: Text marking
<p>In their groups, children read their section aloud, echoing the initial reading by the adult.</p>	<p>In their pairs/triads children make a close reading of their section of text and think about meaning, audience, and purpose. This requires children to look closely at the writer's use of language and consider characterisations, etc.</p>	<p>Each child has a copy of the text to annotate in order to inform their performance. This is discussed and agreed as a group.</p> <p>Prompts are provided to direct their reading.</p>
Step 7: Practise	Step 8: Perform	Step 9: Reflect
<p>Time is provided for groups to rehearse their reading. They may decide to change or add to their performance slightly as a result of their rehearsal.</p>	<p>Each group performs their rehearsed piece.</p> <p>(Adult may record so that children can appraise their own performance).</p>	<p>Children evaluate their own and/ or others' performances and give feedback. They may use a reading fluency rubric or the prompts as success criteria to support articulation of evaluations.</p>

## Implementation

We implement our intended reading curriculum through several deliberate and strategically planned approaches:

- **Reading aloud:** Time to read aloud is found every day. Whether reading a storybook, news article or poetry, it's a wonderful opportunity for staff to offer a model for independent reading and to demonstrate their own enthusiasm for books. Each class has a class reader, which provides more challenge than texts children could access independently. These texts are shared purely for enjoyment and are uninterrupted by frequent questioning. These books are then placed within the class reading area for the children to re-read and enjoy at their leisure. Reading aloud is strongly encouraged at home as well as at school. Children in the early years and KS1 take home a 'sharing book' for their parents or carers to read to them in addition to a decodable book.
- **Informal book-talk and recommendations:** Reading needs to be vocal as well as visible. By encouraging our children to talk to each other about their current reading, we hope to create a culture which will enable spontaneous child-led text talk. We recognise that as educators, it is our responsibility to try and keep up to date with new publications in children's literature so we can provide children with recommendations tailored to their interests, reflecting reader identities within each classroom.
- **Independent reading time:** We build in as many opportunities for reading as possible within our school day, both for purpose and for pleasure. For children to develop as self-reliant readers, they need to be able to select a book and sustain their concentration. With a reported decrease in the time children spend reading at home, it is especially important that children can read for a sustained period at school. Children are encouraged to read a book that they can connect with and enjoy. FS and KS1 children are encouraged to read independently through the provision of attractive and welcoming book corners with a range of texts displayed for children to help themselves too. The children are encouraged to handle books carefully and try to retell familiar stories to their friends or to toys.
- **A highly social reading environment:** Reading displays (and areas) can be powerful and provide a focus for favourite books, reading recommendations and reading behaviours. As well as being aesthetically pleasing, we recognise that reading displays should be purposeful and the children should have some ownership of them. For example, by being involved in the creative process or by adding to displays with post-its or reviews. In our reading areas, books are accessible, appealing, and changed often. Where appropriate, they are organised and labelled by genre or even author. It's important for children to realise that reading is linked to everything, so books may be found within the continuous provision in the Early Years, or to support maths, science or contexts in other classrooms. Reading can happen anywhere! We are working on making our school a reading-rich environment and giving children opportunities to read beyond the classroom, whether in the hall, library or playground.
- **Learner-led:** By being learner-led, our reading for pleasure pedagogy allows children to exercise their rights as readers. We understand that children need the chance to build their stamina as readers but will only do so if they want to read. We give our children opportunities to select what we read in class; choose a book to take home; ask for new books for our school; and read in different places.

- **Whole Class Shared Reading Approach:** We also implement our intent using the Exceed Learning Partnership shared reading teaching sequence. Teachers should use this document as a direct reference to support the planning and assessment of reading, building these into the reading sequence. The National Curriculum statements have been fully broken down into small steps to enable coverage to be progressive and thorough. The reading curriculum is taught using the VIPERS approach within shared reading. These align with the reading domains, but the acronym enables the children to recall the reading skills needed to fully comprehend a piece of text with ease and understanding. The VIPERS progression document ensures progression and challenge throughout the school.

### **Planning the Sequence of Shared Reading**

- An underlying principle of shared reading is that the text is re-visited through sequential lessons so that pupils gradually take on more responsibility for reading the text.
- Teachers should purposefully plan for these sequential learning experiences to build on the previous day's learning. The focus of instruction may change, depending on whether it is the initial reading of the text or a subsequent reading. Use of VIPERS should be incorporated into lessons.
- With multiple instructional foci spread over several consecutive days, compressing the learning into a single shared reading lesson can be avoided.

### **Area of instructional Focus**

- Each shared reading lesson must have a clear instructional focus or Learning Objective
- The areas of instructional focus for shared reading are based on the skills and strategies of the reading process, as well as on the assessment of pupil needs using VIPERS
- Comprehension strategies, word solving, and possible text obstacles are among the many areas that may be addressed in shared reading experiences.
- Reading skills are taught and practised using the VIPERS during whole class reading sessions.
- Shared reading will also support the development of reading through modelling fluency
- Fiction and non-fiction are to be covered in the lessons taught.
- Teachers plan key questions based on the content domain/VIPER focus

### **Text Focus**

- The selection of appropriate texts is one of the most important aspects of reading instruction. Teachers need to plan ahead to select instructional texts and determine which texts to use for which purposes.
- During shared reading, the text must be large enough to be clearly visible to all students (by using an interactive whiteboard, a poster, individual copies of the text, or other large print text).
- As shared reading is most often a whole class learning experience, the selected text should be challenging to most students in the class (the level of challenge of the text may stem from the complexity of the written text and vocabulary, text features, genre, layout, content and subject matter, and students' confidence and familiarity with the selected strategy or skill.)
- In addition to considering level of engagement, text visibility, and level of difficulty, teachers also need to select a text that supports the teaching of necessary strategies and skills by providing a variety of opportunities for addressing the selected teaching points.

In Key Stage 1, 'Explain' is not one of the content domains; rather it asks children why they have come to a certain conclusion, to explain their preferences, thoughts and opinions about a text. In Key Stage 2, the 'explain' section covers the additional content domains of 2F, 2G and 2H.

## Shared Reading Sequence

**Early Years and Y1** - Shared Reading should take place 5 x 15 minutes a week. Sessions may vary depending on the need and focus. Shared reading may be incorporated into the daily teaching of phonics.

- 10 – 15 mins daily

Key focus each day followed by independent reading and phonology

# Progression Overview

## Early Years

### Comprehension:

From EYFS, children are exposed to a wide range of texts including stories, poems and non-fiction pieces and given opportunities to respond to these texts in a variety of ways. Developing communication skills is vital to a child's progress, cognitively, socially and linguistically, therefore our approach to teaching reading begins with a spoken discussion.

By the end of Nursery pupils should understand

- Print has meaning
- Print has different purposes
- We read English text from left to right, top to bottom

Pupils should be able to,

- name the different parts of a book
- Page sequencing
- Engages in conversations about stories, learning new vocabulary

By the end of Reception pupils should be able to,

- Demonstrate understanding of what has been read to them by retelling stories and narratives using their own words and recently introduced vocabulary;
- Anticipate – where appropriate – key events in stories;
- Use and understand recently introduced vocabulary during discussions about stories, non-fiction, rhymes and poems and during role-play

### **Little Wandle Letters and Sounds. (EYFS and Year 1)**

When pupils first enter in early years, they robustly follow the Little Wandle phonics scheme of learning. This is followed until Year 1 and is taught progressively. Children, who are within Early Years and Key Stage 1, are taught daily phonics lessons. In Nursery the children learn 'Foundations for Phonics'. There is scope for children who are confident and secure with oral and auditory blending skills to be exposed to phase 2 graphemes to stretch and challenge them even more. Children in Reception begin phonics lessons from week 2 of Autumn Term. The children begin with Phase 2 until the end of term 1, then they start phase 3 with phase 2 intertwined within the learning for repeated practice. At the beginning of Term 3 children in reception are exposed to longer

words such as ccvc, cvcc, ccvcc words.

When children begin in Year 1 they will have robustly followed the Little Wandle Scheme meaning that the skills and routines are now fully embedded ready for the children to review phase 2 and 3, phase 4 words and begin to learn Phase 5 alternative GPC's. The children take their Phonics Screening Check in Summer term and continue to learn to read until the very last day.

- Children who are not keeping up are quickly identified undertake daily keep up and catch-up interventions.
- Children in FS1 are assessed every 6 weeks for oral and auditory blending skills.
- FS2 and Y1 are assessed every 6 weeks for new GPC's, tricky words and decodable words.
- Y1 complete a fluency assessment every 6 weeks. Year 1 complete a practise phonics screening check every 6 weeks.
- Children beyond Year 1 with any phonic gaps use the Rapid Catch-Up Programme to help them catch up rapidly.

The Phonics/Reading Leader oversees the teaching of the scheme by carrying out side-by-side coaching throughout the week. Teachers and Teaching Assistants attend weekly training sessions to ensure that their skills are constantly being developed. Where needed, children will be given focus 1-2-1 or small group support to help develop their knowledge of the sounds or word blending.

Assessments and results are quality assured.

Little Wandle Letters and Sounds	Phases Taught	Decodable Books
Nursery	Phase 1	Wordless books
Reception	Phase 2,3,4	Autumn - Phase 2 Spring - Phase 2/3 Summer - Phase 3/4
Year 1	Phase 5	Autumn – Phase 4/5 Spring - Phase 5 Summer - Phase 5
Year 2 and KS2	Rapid Catch up	Year 2 Autumn Term - Phase 5
		Rapid Catch Up 7+ books matched to early reading phase.

We expect our children to meet the following milestones in terms of their phonological development through EYFS and Key Stage 2:

**EYFS**

End of Foundation 1	Oral blending CVC words
End of Foundation 2	At least 80% secure in phase 2 and 3 Can read at least 80% of words with clusters or blends from phase 4 100% Aspirational Target for all academies

**Year 1 Phonics Screening Check \* to be completed at the end of each half term**

We particularly closely monitor children making the slowest progress. Children in danger of falling behind, or who are working under expected levels (lower 20%), are swiftly identified and enough additional support is provided to enable them to keep up. We give catch up support by providing group interventions. The content of these sessions is determined by on-going gap analyses and our in-depth knowledge of each child. Children experiencing significant difficulty are provided with intensive, individual support to reach the required standard.

Baseline Data	Review on entry data in phonics
Autumn A	Expected Standard 10+/40 in Phonics screening check
Autumn B	Expected Standard 20+/40 in Phonics screening check
Spring A	Expected Standard 23+/40 in phonics screening check
Spring B	Expected Standard 26+ / 40 in phonics screening check
Summer- Phonics Screening Check	Expected Standard 32+ / 40 in phonics screening check 90% + Aspirational Target for all academies

## Key Stage 1

### During year 1:

- ensure pupils can sound and blend unfamiliar printed words quickly and accurately using the phonic knowledge and skills
- pupils continue to learn new grapheme- phoneme correspondences (GPCs) and revise and consolidate those learnt earlier.
- pupils need to develop the skill of blending the sounds into words for reading and establish the habit of applying this skill whenever they encounter new words. -
- children should hear, share and discuss a wide range of high-quality books to develop a love of reading.
- pupils should be helped to read words without overt sounding and blending after a few encounters.

### By the beginning of year 2 Pupil should be able to:

- read all common graphemes.
- read unfamiliar words containing these graphemes, accurately and without undue hesitation.
- read many common words containing GPCs taught so far without needing to blend the sounds out loud first.
- read common exception words securely.
- read with increased fluency and automaticity.
- retell familiar stories that have been read to and discussed with them

### During year 2, pupils should be able to:

- develop their accurate and speedy word reading skills.
- listen to and discuss a wide range of stories, poems, plays and information books.

## Lower Key Stage 2

### By the beginning of year 3, pupils should be able to:

- read books written at an age-appropriate interest level.
- read them accurately and at a speed that is sufficient for them to focus on understanding what they read rather than on decoding individual words.
- decode most new words outside their spoken vocabulary, making a good approximation to the word's pronunciation. As their decoding skills become increasingly secure, teaching should be directed more towards developing their vocabulary and the breadth and depth of their reading, making sure that they become independent, fluent and enthusiastic readers who read widely and frequently.
- develop their understanding and enjoyment of stories, poetry, plays and non-fiction, and learning to read silently.
- develop their knowledge and skills in reading non-fiction about a wide range of subjects.
- justify their views about what they have read: with support at the start of year 3 and increasingly independently by the end of year 4.

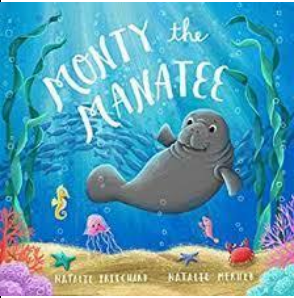

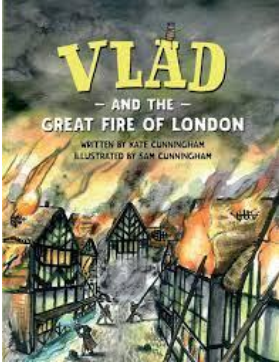

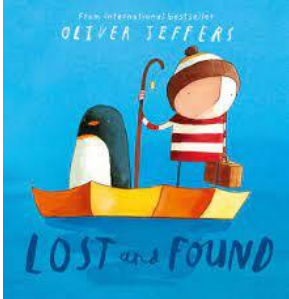

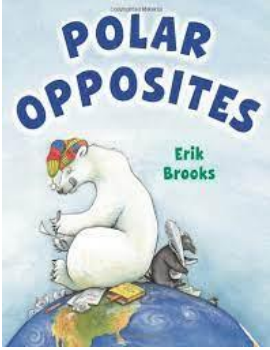

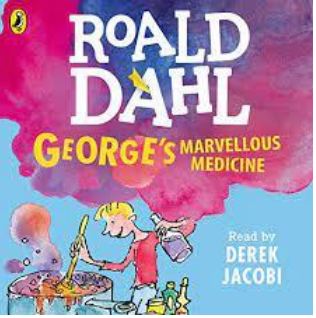

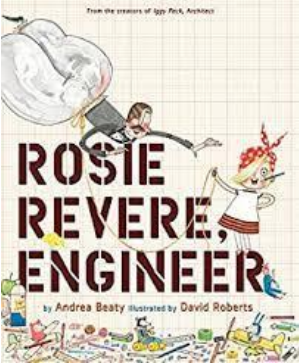

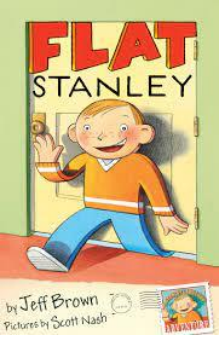

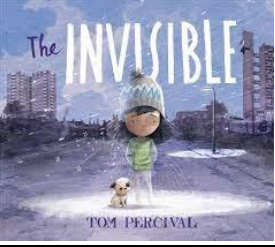

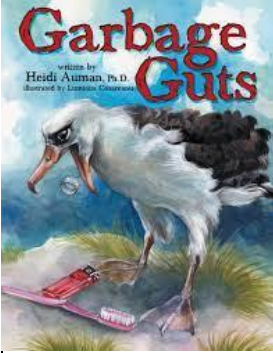

## Upper Key Stage 2

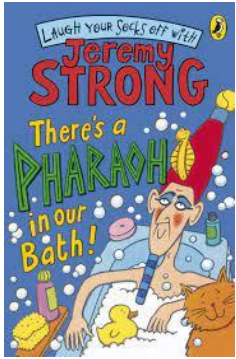

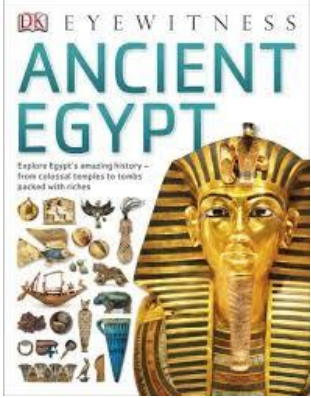

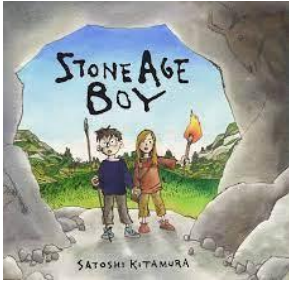

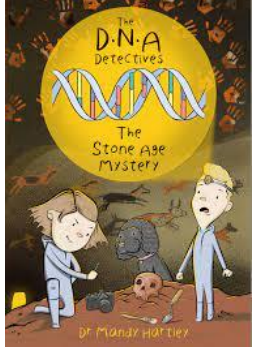

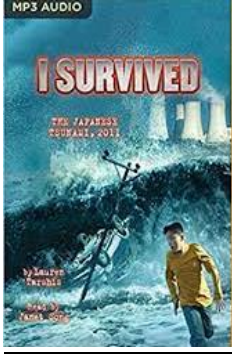

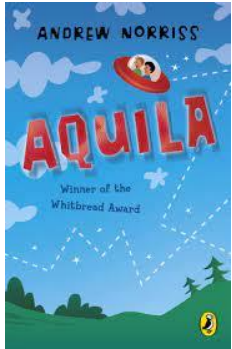

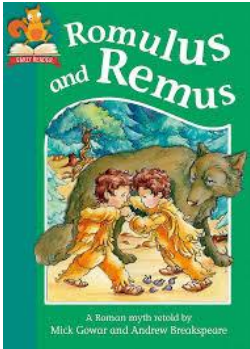

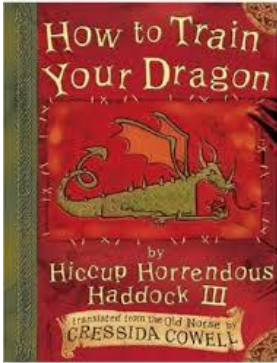

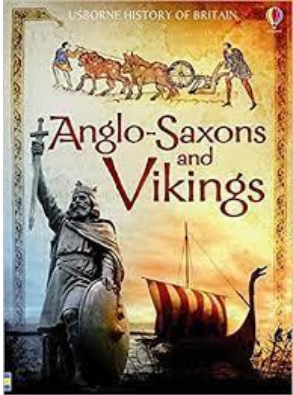

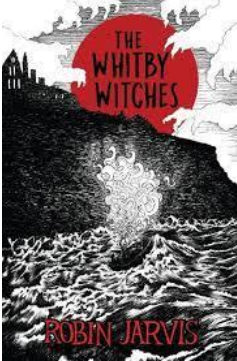

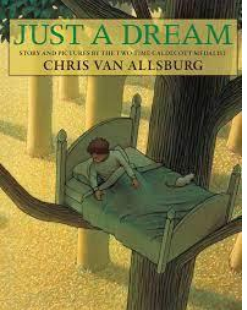

### By the beginning of year 5, pupils should be able to:

- read aloud a wider range of poetry and books written at an age-appropriate interest level with accuracy and at a reasonable speaking pace.
- read most words effortlessly and to work out how to pronounce unfamiliar written words with increasing automaticity. If the pronunciation sounds unfamiliar, they should ask for help in determining both the meaning of the word and how to pronounce it correctly.
- prepare readings, with appropriate intonation to show their understanding,
- summarise and present a familiar story in their own words.
- reading widely and frequently, outside as well as in school, for pleasure and information. T
- read silently, with good understanding, inferring the meanings of unfamiliar words, and then discuss what they have read.

Reading Accurately, with fluency and with understanding	<ul style="list-style-type: none"> <li>– Routinely incorporate rich opportunities for children to sing songs, recite rhymes and learn poems by heart during story time. These can be rehearsed over and over, with and without a copy of the text.</li> <li>– Read aloud from picture books with repeated refrains so that children can start to join in and emulate prosodic reading. For example, an adult might read ‘I Want My Hat Back’ by Jon Klassen daily with the children, sweeping their finger under the phrases to model expert prosody and pausing so that all children can chorally recite the refrain and practise using good prosody.</li> <li>– For children at the upper end of Early Years, find opportunities for them to re-read familiar books so that they can apply the skills of fluent reading with little difficulty. For example, an adult might ask a child to use their story-telling voice to re-read their familiar book to a partner, pretending to be the teacher.</li> <li>– Use echo reading to model the prosody required to bring the text to life and re-read sentences until a good level of fluency is achieved by the child.</li> </ul>

<p>Phonics Little Wandle Letters and Sound</p> <p>Knowledge</p>	<p>Every child in Year 2 or above who cannot read at age-related expectations needs urgent targeted support so that they can access the curriculum and enjoy reading as soon as possible.</p> <p>Little Wandle Rapid Catch-up is a complete catch-up programme that mirrors the main phonics programme but has a faster pace. It has been created to help children catch up quickly.</p> <p>The programme ensures plenty of repeated practice in blending, word reading and spelling, intertwined in each lesson, using a range of activities such as ‘Change it, Match the words to the pictures and Mix it up’. Children also need to learn the meaning of the words that they read, which is why we provide simple definitions or contextualising sentences for words.</p>			

Day 1	20-minute phonics lesson
Day 2	20-minute phonics lesson
Day 3	Review day: A quick review of the teaching from days 1 and 2 10-minute phonics lesson plus 10- to 15-minute Reading practice session. In Phases 2 and 3, you will use the blending practice books for this session.
Day 4	10- to 15-minute Reading practice session
Day 5	10- to 15-minute Reading practice session

## Excellence in Reading - Year 2

Components	Core Content and Intended Learning
Reading for Pleasure	<ul style="list-style-type: none"> <li>– Listening to, discussing and expressing views about a wide range of contemporary and classic poetry, stories and nonfiction at a level beyond that at which they can read independently</li> <li>– Becoming increasingly familiar with and retelling a wider range of stories, fairy stories and traditional tales</li> <li>– Being introduced to non-fiction books that are structured in different ways.</li> <li>– Recognising simple recurring literacy language in stories and poetry</li> <li>– Continuing to build up a repertoire of poems learnt by heart appreciating these and reciting some, with appropriate intonation to make the meaning clear.</li> </ul>

## Word Reading – Fluency

- Continue to apply phonic knowledge and skills as the route to decode words until automatic decoding has become embedded and reading is fluent.
- Read accurately by blending the sounds in words that contain the graphemes taught so far, especially recognising alternative sounds for graphemes.
- Read accurately words of two or more syllables that contain the same graphemes as above.
- Read words containing common suffixes.
- Read further common exception words, noting unusual correspondence between spelling and sound and where these occur in the word.
- Read most words quickly and accurately, without overt sounding and blending, when they have been frequently encountered.
- Read aloud books closely matched to their improving phonic knowledge, sounding out unfamiliar words accurately, automatically and without undue hesitation.
- Re-read these books to build up their fluency and confidence in word reading.

## Activities to support reading

- Relate spoken words to written words in context
- Encourage children to retell parts of the story from memory
- Transcribe the children's oral responses into written ones and model structures for answering question
- Always ask the children to explain their responses to questions – How do you know?
- Jump in – Encourage children to continue the story to the end of the punctuation in a known story
- Choral response – Encourage children to read as a group or popcorn ideas to questions asking for deeper responses when needed
- MTTT – Allow children to discuss in partners or read together
- Ask children to become Reading Detectives and search for clues within texts
- Model reading strategies – re-reading for clarity and understanding.

## Phonics

### Application

### Little Wandle Letters and Sounds

Every child in Year 2 or above who cannot read at age-related expectations needs urgent targeted support so that they can access the curriculum and enjoy reading as soon as possible.

Little Wandle Rapid Catch-up is a complete catch-up programme that mirrors the main phonics programme but has a faster pace. It has been created to help children catch up quickly.

The programme ensures plenty of repeated practice in blending, word reading and spelling, intertwined in each lesson, using a range of activities such as 'Change it, Match the words to the pictures and Mix it up'. Children also need to learn the meaning of the words that they read, which is why we provide simple definitions or contextualising sentences for words.

Day 1	20-minute phonics lesson
Day 2	20-minute phonics lesson
Day 3	Review day: A quick review of the teaching from days 1 and 2 10-minute phonics lesson plus 10- to 15-minute Reading practice session. In Phases 2 and 3, you will use the blending practice books for this session.
Day 4	10- to 15-minute Reading practice session
Day 5	10- to 15-minute Reading practice session

Phonics Little Wandle Letters and Sounds Application	<p>Every child in Year 2 or above who cannot read at age-related expectations needs urgent targeted support so that they can access the curriculum and enjoy reading as soon as possible.</p> <p>Little Wandle Rapid Catch-up is a complete catch-up programme that mirrors the main phonics programme but has a faster pace. It has been created to help children catch up quickly.</p> <p>The programme ensures plenty of repeated practice in blending, word reading and spelling, intertwined in each lesson, using a range of activities such as ‘Change it, Match the words to the pictures and Mix it up’. Children also need to learn the meaning of the words that they read, which is why we provide simple definitions or contextualising sentences for words.</p> <table border="1" data-bbox="468 1082 1621 1350"> <tr> <td>Day 1</td> <td>20-minute phonics lesson</td> </tr> <tr> <td>Day 2</td> <td>20-minute phonics lesson</td> </tr> <tr> <td>Day 3</td> <td>Review day: A quick review of the teaching from days 1 and 2 10-minute phonics lesson plus 10- to 15-minute Reading practice session.
