

Sports Premium Spending Statement 2016/17

The Sports Premium was initiated in schools in July 2013. In 2016/17 we received £9,371 and in 2017/18 we will receive £9,710.

The funding will come into school at different points of the year as the spending plan for this is September to July.

What is the Sports Premium?

The Government is providing funding to provide new, substantial primary school sports funding. This funding is being jointly provided by the Departments for Education, Health and Culture and Media and Sport, and will see money going directly to primary school Head Teachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional Change4Life sport clubs
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sports competitions, or increasing participation in the school games
- buying quality-assured professional development modules or materials for PE/sport
- Providing places for pupils on after-school sport clubs and holiday clubs

How will we be spending the sports funding and who will benefit?

The Governors agree that the money must be used so that:

- all children benefit regardless of sporting ability
- the most able children are given the opportunity to compete in advanced tournaments
- staff have access to training opportunities and continued professional development

Swimming is already included in the National Curriculum.

The table below shows how we spent the sports funding during 2016/17 and how we intend to spend the funding during 2017/18: -

Swimming Subsidy For Year 5 Children

Swimming is part of the National Curriculum. Before children leave our school it is expected that they are able to meet the objectives highlighted below. At Hill Top, Year 5 children go swimming throughout the year. The children are taught at Edlington swimming baths.

Swimming activities and water safety: Breadth of study. DFE, PE National Curriculum:

Pupils should be taught to:

- a. pace themselves in floating and swimming challenges related to speed, distance and personal survival
- b. swim unaided for a sustained period of time over a distance of at least 25m
- c. use recognised arm and leg actions, lying on their front and back
- d. use a range of recognised strokes and personal survival skills for example, front crawl, back crawl, breaststroke, sculling, floating and surface diving

To send Year 5 children swimming, the total cost, including swimming instructors, insurance and entrance fee, was £4175 during 2016/17 and the predicted cost for 2017/18 is £5,000 – this is covered by the school's allocated budget.

Impact 2016/17:

48 pupils have taken part in swimming this year. So far 83% of pupils are working at the appropriate age related expectation within the National Curriculum. At the beginning of the year, ten pupils couldn't swim at all. 100% of the pupils have learnt valuable life-saving skills and 83% of the cohort are able to confidently tread water.

Pupil feedback/evaluations:

- The pupils were able to explain all the new skills that they felt they had learnt through participating in swimming this year. These included:
 - Set strokes – front crawl, back stroke and breast stroke
 - Water safety
 - Floating
 - Life saving
 - Treading water
 - Competitive swimming
- 77% of pupils felt they had more confidence now in the water in comparison to when they started.
- ALL pupils expressed their enjoyment and the desire for the lessons to be longer.

Swimming lessons during 2017/18 will continue to be part of the PE curriculum in school.

Hiring qualified Sports Coaches to work alongside teachers when teaching PE

The school has hired the services of a secondary school badminton coach in addition to two coaching instructors to deliver PE lessons alongside our staff including: invasion games, gymnastic, striking and fielding games and orienteering. New gym equipment has been purchased to aid the delivery of the different lessons. This initiative has benefited all children from the Early Years Foundation Stage through to Year 6.

Each term the coaches will work with a different Key Stage, attending two days per week. Not only will the children benefit from being taught by a qualified coach, but our own staff will be developed through sharing good practice and assisting in the PE lessons. The hired coaches will also deliver some of our after school clubs.

The cost of this was £5,985 in 2016/17 and is predicted to remain approximately the same in 2017/18.

Impact 2016/17:

Pupil feedback/evaluations:

- Coaches are patient and help us to improve our skills.
- Sessions are fun and challenging.
- Pupils have now started to do basketball outside of school due to the new skills they have learnt with the coaches.
- Pupils have experienced a range of different activities.
- Pupils identify been motivated and inspired in PE sessions due to their individual improvements.
- Pupils ball skills have improved.
- Pupils discuss having confidence in PE sessions to try new things and demonstrate skills to their peers.
- Praise and encouragement from coaches supported pupils in their learning of new skills.

Staff feedback/evaluations:

- Learning new skills had helped improve the confidence levels of staff in delivering a variety of activities.
- Staff felt they had more ideas for warm up, cool downs and the setting up and running of differentiated group activities
- Through working with the specialist coaches, staff could clearly see the progression of skill development and the structure and sequence that lessons should follow
- The development of skills throughout the series of sessions (basketball) were accessible for all students and were personalised to enhance their performance.
- Children were confident and enjoyed understanding how their skills were improving.
- Coaches were keen to demonstrate good sportsmanship and how this improves working as a team.
- Coaches worked alongside teachers to further develop their understanding of the learning needs of children with special requirements and enabled them to access the sessions with the confidence of their peers.
- The children enjoyed the sessions and responded with enthusiasm to the coaches.
- Coaches took the time to get to know the pupils and their knowledge of them as learners allowed each child to feel successful in their PE sessions.
- Each session was very well structured, organised and planned and coaches had high expectations for all pupils.
- All sessions were inclusive and every child was able to access the learning taking place.
- The PE coordinator found all of the above to be evident in lesson observations that took place in the spring term. All practice was graded a least 'Good'

Sports Premium funding for academic year 2017/18 will continue to be used to fund sport coaches.

After School Sport Clubs

Our school already offers a range of after school clubs, accessed by children from Foundation, Key Stage 1 and Key Stage 2. These clubs will continue to run as before, with no charge as agreed by the Governing Body. Since September 2013 we have been hosting after school athletics clubs, purposefully to engage new players and to ensure that the pupils are able to compete at a high level with focused coaching ability. Each week we will continue to offer an after school club with the qualified coach and lunchtime clubs in order to expand the interests of the pupils in a range of varied clubs.

The cost of subscription to the Children's University was £250 in 2016/17 and will remain at £250 in 2017/18. The additional cost for photography was £180.

Impact 2016/17:

- A selection of clubs have been available for the pupils to attend including athletics, multi-skills, urban gymnastics, choir, recorders, drama, booster groups, ICT, art, animation, cookery, football, photography, Kwik cricket, and cheer leading.
- Through Children's University and the process of graduation at the end of the year, we celebrate achievement and reward participation in any extracurricular activities.

Hiring a Specialist PE Teacher

In partnership with Sir Thomas Wharton Community College and the other primary schools within our pyramid, the Sports Funding will pay for the services of a PE specialist (Mr Richard Webb) to deliver a range of new sporting initiatives within school and also organise a range of tournaments and sporting events for the pupils to attend.

Impact:

The pupils were taught new sports to which they wouldn't ordinarily have access to such as curling, dance, rounders and orienteering. Our staff also had the opportunity for development through the sharing of good practice and assisting in the PE lessons.

Providing Opportunities for Children to Compete

Again, in partnership with Sir Thomas Wharton Community College and the other primary schools within our pyramid, the Sports Funding will pay for the services of a school sports coordinator and for the PE coordinator at Hill Top to audit the impact of the above provision on the quality of Teaching & Learning across the school. Their role will be to arrange tournaments and fixtures between the pyramid primary schools, whilst offering exit routes for our more gifted children, allowing them to compete against other children at a higher level. At Hill Top we feel it is important that children who are more able in sport are given the chance to participate against others of a similar ability and potential.

The cost for our schools Sports Coordinator was £1000 in 2016/17 and will remain at £1000 for 2017/18.

The cost for resources to run/attend sporting events and tournaments was £270.00

Our achievements so far this year:

- Pyramid football competition Y3/4
- Hill Top won the tournament
- Pyramid football competition Y5/6
- Hill Top came third in the tournament
- Yr5/6 High Five Tournament
- Hill Top came 2nd
- Y5 Swimming tournament - Hill Top came fourth
- Indoor Athletics Competition
- Hill Top came 1st within our pyramid
- Hill Top came 1st in the North-West Doncaster Finals
- Hill Top then went on to win the Doncaster Finals
- Hill Top came fourth in the Regional Athletics Final
- Y4 Basketball competition
- Hill Top came second
- Y4 Dodgeball competition
- Hill Top came first
- Y3 took part in a dance festival
- Y2 took part in a multi skills festival

Additional Expenditure in 2016/17

The cost for purchasing and maintaining PE equipment was £2939.11.

The cost for our affiliation fee to Doncaster School Sport & Health Association was £50.

Total Cost of expenditure in 2016/17 - £14,619.11

Sports Premium funding - £9,371

School's Contribution - £5,248.11
